

OUR MISSION

Animal Alliance Mission Statement: Animal Alliance is a 501(c)3 nonprofit charitable organization which finds euthanasia to be an unacceptable fate for adoptable animals in shelters, who will lose their life due to pet overpopulation. Animal Alliance places animals removed from the shelters into temporary foster care where they are rehabilitated, spayed/neutered, restored to health, and readied for a speedy adoption. Animal Alliance focuses its efforts on injured, ill, and infirm animals, and victims of cruelty and neglect. Through its Planned Pethood Low Cost Spay/Neuter Clinic, Animal Alliance offers spay/neuter community outreach services to substantially reduce pet overpopulation. Its Roberts Curtis Memorial Pet Adoption Center offers pets for adoption in a retail-like setting to encourage pet adoption among those who would not ordinarily visit a traditional animal shelter.
